Integrated Behavioural Coaching Course (Cape Town): R10,000

The objective of this course is to assist financial planners in building a deeper understanding of their clients' relationships with money, how they make decisions, gain understanding and build new behaviour patterns. The course is structured within the Integrated Wealth Planning Framework which is supported by **neuroscience** and **proven coaching principles**.

To better equip financial planners to:

- Have deeper, more meaningful coaching conversations with their clients so that they are open to new possibilities and different relationships with their money.
- Help clients who are struggling to make financial decisions or sticking to their plans so that they can be more effective and successful in their financial lives.

Benefits to financial planners:

- Build stronger relationships with your clients through deeper, more meaningful conversations.
- Differentiate yourself as an Integrated Behavioural Coach and during the process better justifying your fees.

Course summary:

- **Coaching** around the three centres of expression - head, heart and gut - in the following money areas:
 - o Commitment and values
 - o Money beliefs
 - o Dreams and goals
 - o Budgeting, cash flows, spending, earning, saving and investing to achieve these goals
 - o Understanding money and how it works
 - o Planning scenarios
 - o Taking action
 - o Sticking with the plan.
- **Practicing**
 - o Powerful questioning
 - o Deeper listening
 - o Better use of language
 - o Better understanding and using body language.
- **Self-learning**
 - o Getting to know ourselves better by deliberately creating deeper insight and awareness of our own patterns of behaviour in order to see our clients clearly, without judgement.

Wealth Integrator Support hours

- The Wealth Integrator is supported via the OM Wealth Service Centre (0860 999 199).
- The support hours are from 08:00 to 18:00 during weekdays, excluding public holidays.
- The Wealth front-end is generally available 24x7, except during planned maintenance, but is dependent on back-end services that are typically unavailable between 21:00 and 07:00 to allow for back-ups and batch processing.
